Startn out in the doorway of the Children's Room.
Walk ten paces forward until you reach a long white table on your left.

Look at the sign on the table
and write down the 3rd letter of the second word on the sign.

Take three paces forward and you should spot a letter on a low shelf on your left.
Record this letter!

Take 6 steps forward to the computers. What is hanging above the computers?
If it is a boat write down T. If it is a dog write down G.

You now have the first word in the clue that is 3 letters long and very creative!

Face with your back to the computers and walk to the column near the games
computer. What is the 6th letter on the green sign?
(Hint - it is also the 2nd letter in the alphabet!)

Turn left at the column and go 11 steps to the windowsill.
What is the 2nd letter of the 3rd word on the plaque?

Turn with your back to the window and walk 12 steps forward to the last white
mask on the shelf. Write down the 3rd letter in this animal's name?
(Hint - this animal eats carrots and twitches its nose!)

Turn left and take six steps to the puppet tree.
What letter lies at the base of the tree?

Take 4 steps forward to the 1st window on your left.
Climb onto the windowsill and search for a plaque.
What is the 1st letter of the 2nd word?

Take 4 steps toward the middle window and find the plaque in its windowsill.
Write down the 3rd letter in the name starting with an E.

Walk four steps to the last window and find the plaque in the windowsill.
What color is listed on the plaque? Write down the 1st letter of this color!

Congratulations you now have the title of the book that lies next to the letterbox.
Look up this title in the card catalog to find out the call number of the book.
Locate the book and the letterbox on the shelf and stamp in!

Be sure to replace it properly.
Are you leaving the library tidy and in good order? Excellent!
